the reversion of the previous Hd master Mr Lakshmanarao was under discussion in 1906, the then Chief Engineer observed that in his opinion no Engineer Officer should be detailed for work of this description for a period longer than 3 years

3 As regards the posting of Mr B C Sreenivasaraghavan to the school, it will be seen that it involves an additional payment of Rs 50/- over the sum now paid to the Hd master Originally the pay of the Hd master was fixed at Rs 200/- and it was raised to Rs 250/- when the Officer employed got into the higher grade, and the proposed appointment of Mr B C Sreenivasaraghavan will further increase the pay to Rs 300/-. It is a matter for consideration whether an officer in the 150/- or 200/- grade, can not be found competent to be Hd Master of the school, can not be found If such an officer is not available the present proposal will have to be sanctioned

(23) It is not clear why an officer of Govt should get more pay because of his services being utilized in one department instead of in another - Allowances are given such cases because while seconded the officer is not, generally, entitled to temporary or s p to promotn & to compensate him for such losses an allowance is necessary If he is to get the benefit of all s p to temporary promotions in the ordinary line, no allowance is justifiable The contention that the allowance is to be granted to compensate the officer for the loss of travelling allowances is interesting as showing how travelling allowances have come to be regarded in Mysore but such a contention cannot be accepted. My dear Sir

With reference to File No 2142 dated 28-6-11 herewith returned, I am directed to say that His Highness is unable to see why the Officer referred to should be given a special allowance for supervising the Engineering School and at the same time alloved the benefit of every promotion whether permanent, sub-proten or temporary in the regular service to which he belongs He will, under this latter arrangement, lose nothing in the way of allowances by his transfer to the School and the nature of the school work does not , in His Highness' opinion, justify the grant of a special allowance to the Head Master His Highness feels bound for the above reason, to uphold

10. Subject.-(Clause of the Schedule).

Confirmation in the Financial Department of the order appointing Mr. B.C. Srinivasiengar, as Head Master of the Engineering School, Mysore, with a local allowance of 50 Rs. in addition to his grade pay in the Public Works Department.

Opinion of the Council.

For the reasons stated in the Second Councillor's note dated 5th August 1911 in the file, the Council is of opinion that it is necessary that the local allowance should be granted in addition to the grade pay, and resubmits the case to His Highness the Maharaja for a reconsideration of the orders conveyed in Mr. Campbell's D.O letter No.5 dated 1st/3rd July 1911.

Submitted to His Highness

(1) In Government Order No 6910 dated 18th February 1911 an allowance of Rs 50 in addition to Grade pay was sanctioned to Mr R C Srinivasiengar B A , L C E , Assistant Engineer, who has been transferred to the Education Department as Head Master of the Engineering School, but the Financial Department took objection to the order on the ground that "if Mr Srinivasiengar was to get the benefit of all sub-pro-tem and temporary promotions in the ordinary line no allowance was justifiable" The subject was considered in Council on the 15th and 16th June 1911 and a resolution that the order may be confirmed in the Financial Department was recorded His Highness was however pleased to uphold the objection of the Financial Department (vide Mr Campbell's D O No 5 dated 1st July 1911)

(2) A draft in accordance with His Highness' order having been prepared in the office, the Second Councillor has in his note dated 5th August 1911 suggested a reconsideration of the subject He says "I fear this will put the Industrial School in a very

undesirable position when Head masters are wanted Most officers of executive departments would not care for the sedantary work in another department, as they by they will lose touch in their permanent department Only undesirable men will be found for this work I think that this matter is one which cannot be decided as a purely financial one and that the revised order may have again to be revised If the Dewan agrees I should submit this matter for reconsideration before issue of the order now drafted "

(3) The subject was therefore again considered in Council For the reasons stated in the Second Councillor's note of the 5th August 1911, the Council is of opinion that it is necessary that the local allowance should be granted in addition to the grade pay, and resubmits the case to His Highness the Maharaja for gracious reconsideration of the orders conveyed in Mr Campbell's D O letter of the 1st July 1911 referred to above

(4) I submit the case for orders It seems to that while on the one hand Government will not be disposed to allow the person selected as Head master the option of declining the appointment, it behoves Government on the other hand to attach some local allo
